**of Correction**

Sir:

Issuance of a Certificate of Correction as per the attached form is respectfully requested.

The undersigned has reviewed his file for the captioned patent and determined that no terminal disclaimer was filed in connection with USSN 09/873,303. Moreover, answers to inquiries of the patentees' Japanese agents are to the effect that no related U.S. application has been filed which might have referenced the captioned patent or USSN 09/873,303, on which the captioned application issued, in a terminal disclaimer. Since the error appears not to have been the fault of the applicants/patentees no fee is required.

Respectfully submitted,
